

Automate presentations, documents, and reports directly from data with AI

Scale personalized interactions

Create content with personalized data for all your accounts

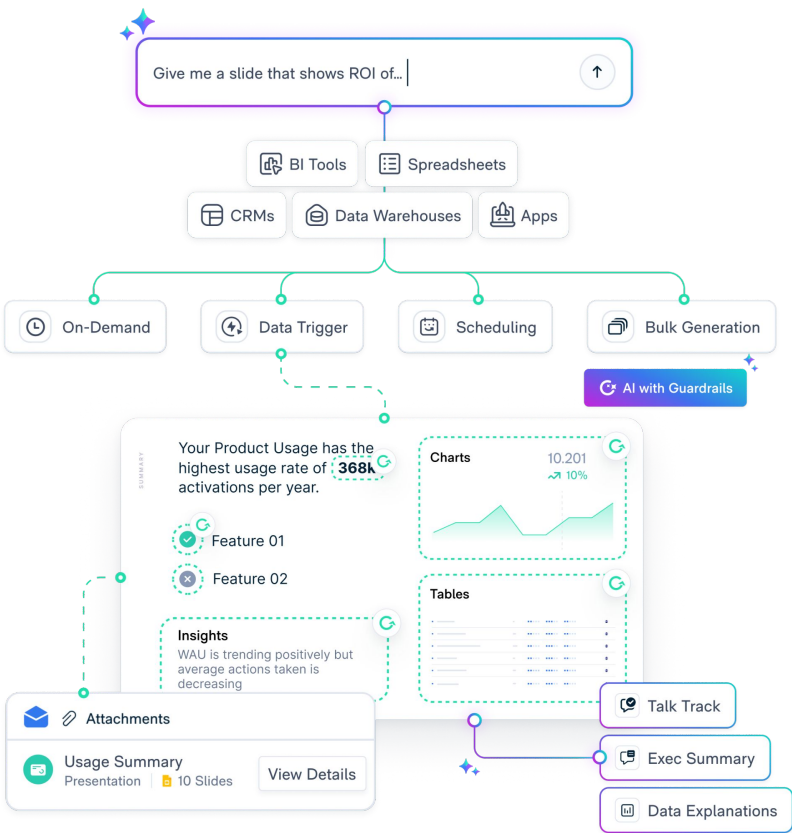

Spend more time talking to customers

Let Matik query data & add visualizations to decks and PDFs

Drive customer satisfaction

Show customers the value of your product through data

Automate

Leverage existing dashboards, reports & data sources to automate text & visuals in formats you already use, while using if-then logic & AI to ensure the right insights & messages are shared

Enable

Make data storytelling easy for everyone by guiding team members to use the right metrics, understand insights, and communicate the right story with confidence, regardless of data fluency & BI proficiency

Scale

Scale insight-packed content reliably by guiding teams to the right content, enforcing standardization and consistency, and automating delivery at the right moment to colleagues, prospects, and customers.

bazaarvoice

"Matik is shifting the bulk of Business Review prep from 'creating slides' to 'creating meaningful outcomes.'"

James Miller, Manager, Client Success

22% increase in renewal rate by being able to touch customers who previously were not receiving a BR

Those receiving a business review had a 32.8% higher renewal rate than those who didn't

Touch 216 more accounts
